BABY BATHTIME AIDS

Every new parent soon learns that baby's bathtime can be a source of special pleasure. It is an excellent time to communicate with the newborn or small child. Given a safe and convenient place for bathing, you'll be relaxed and the infant will be comfortable enough to respond with gurgles of delight.

There are several bathtubs and aids in the market that help make bathing both safe and enjoyable. Keep in mind, too, that a baby should be bathed in a warm place away from drafts.

Consider a portable, fold-up bathinette on a stand that fits inside the bathtub. The bathinette tub is made of heavy-duty water bed material. It has a rigid bottom and a hand shower that fits easily onto the bathtub faucet.

Various small tubs, molded of sturdy plastic, are available for use in the family tub or on a table or countertop. These are relatively inexpensive and are very versatile.

An inflatable tub is a real "softie." Pushing the center down onto any clean, smooth surface creates a strong suction to prevent slipping. Rest baby's head on the rounded edge and have both hands free for washing. Fold flat when not in use or for traveling.

Another bath aid is a countoured pad made of polyurethane, open-cell sponge. It won't slip around in water and cradles a child securely for washing in sink or bath-tub.

A combination dressing table and baby bath keeps everything in one place. The dresser top has a guard rail and lifts up into a lock position to reveal the removable tub. The tub has a foam liner and safety hammock; drawers and pockets to hold supplies.

Whenever you choose bathtime aids be sure they meet your needs and necessary safety precautions.

HINT FOR THE WEEK: Save the table surface when cutting buttonholes with a razor blade by placing the fabric over a bar of soap.

RECIPE OF THE WEEK

French Crepes

¾ cup all-purpose flour
½ teaspoon salt
1 teaspoon baking powder
2 tablespoons confectioners' sugar
1 teaspoon grated orange peel
½ teaspoon grated lemon peel
2 eggs, slightly beaten
1 bottle (7 ozs.) 7-Up
Butter or margarine

Sift together flour salt, baking powder and confectioners' sugar. Add orange and lemon peel, eggs and 7-Up. Beat quickly until well blended and fairly smooth. Place about a teaspoon of butter in a small frying pan and heat until butter bubbles. Pour in enough batter to coat bottom of pan with thin layer. Bake until delicately browned on under side; turn and bake on other side. Remove from frying pan. Roll up; place in chafing dish to keep warm. (Or cover with foil and place in 300 degree F. oven). Top with favorite syrup or orange sauce.

Orange Sauce For Crepes

½ cup butter or margarine, melted
1½ cups sifted conf. sugar
5 tablespoon grated orange peel
1 teaspoon grated lemon peel
Orange slices for garnish

Mix butter and confectioners' sugar together in chafing dish or heavy skillet. Add orange juice, orange and lemon peel. Heat thoroughly and pour over crepes. Garnish with orange slices. Makes 6 servings of 2 crepes each. To flame crepes with orange sauce: Saturate 3 or 4 cubes of sugar with lemon extract. Place on top of orange slices. Ignite.

Virginia Lung Association Sponsors Walk-A-Thon

The Youth Board of the Virginia Lung Association, Central Region will hold its annual Walk-a-thon Saturday, May 14 at the Farmville Armory with registration beginning at 8 a.m. Young people from Prince Edward, Buckingham, Amelia and Cumberland will be walking, running and skipping 20 miles for life and breath to prove that healthy lungs and bodies are important to everyone. The walk will begin and end at the Farmville Army with check points along the route to check off the walkers as they progress.

Each walker must have at least one sponsor in order to participate, but may get as many as they wish. A 10-speed bicycle will be given to the walker who has the most money turned in by his sponsors by the end of May; a $25.00 cash prize will be awarded to the club or organization with the best participation; and a trophy will be given to the school with the best participation.

The mayor will be on hand at the Army to greet walkers. Also assisting in various capacities will be the Farmville Police Department, Prince Edward Sheriff's Dept., and Prince Edward Rescue Squad.

Walkers should seek sponsors from among their friends, neighbors, relatives, teachers and local businessmen. Anyone wishing to sponsor a walker can call the Virginia Lung Association, Central Region office at 392-4136.

Funds raised from the walk-a-thon will be used in the Virginia Lung Association's program for medical education public health education and community services - all aimed at the prevention and control of crippling lung diseases.

Sponsor sheets are available at the Virginia Lung Association, Central Regional office at 107 N. Main Street, Farmville, and in all participating schools in the area.

Tips For Parents

The Walk-a-Thon Route will be patrolled by police and volunteer workers; weary walkers will be taken back to the registration area; parents should instruct their sons or daughters to phone them and tell them their plans for getting home; if you plan to meet your children, pick a specific place; see that your child carries identification; we have no way of knowing where your child may be at any given time. If you need to know this, have him or her call regularly; First aid personnel and supplies will be available along the entire route; your young people are helping your lung Association raise funds to fight lung disease. We are grateful for their spirit and energy, but we want them to be safe and we want them to stop before they reach exhaustion; Please insist they follow these guidelines.

If it rains the walk will still be held - but one mile will count as 5 miles.
